

TOPIC OVERVIEW - PRACTISE AT HOME

Sessions are based around a topic that introduces vocabulary and phrases. As you progress, you will be introduced to new vocab/phrases.

Every learner is unique and learns at their own pace. When you are familiar/comfortable with our “Start” words, move on to the “Stretch & Challenge” words and finally on to the “Above & Beyond” words.

Start: Core words/phrases that start to build more complex language

Stretch & Challenge: Extension words/phrases that act as building blocks

Above & Beyond: One step above *Stretch & Challenge*, building more meaningful sentences

Language Guides (teachers) recognise when a learner needs more advanced or simplified vocab/phrases and these are built into the session.

We always expect learners to recognise more words than they can use. We cannot guarantee which specific word in a topic a learner will remember as it's related, to a great extent, to which words of the ones introduced the learner finds significant.

In addition to the content below, the Language Guide will incorporate the use of ‘classroom language’, meaning every instruction, daily routine phrase, word, etc. is given in the target language.

The content detailed below is delivered using the Speak Like a Native approach to language acquisition: guided participation in tasks, games and activities that are meaningful, engaging and age appropriate. Please note that on occasions the Language Guide may change session order.
